

Maximilien VAKAMBI DIALUFUMA
182-359 McArthur Ave., Ottawa, Ontario, K1L 6N5, Tel : (438) 833 9552
Courriel : maximilien.dialufuma.1@ulaval.ca / mdialufuma@gmail.com
Web : <https://dialufuma.github.io/>

OBJECTIVES

- Communication skills ;
- Research skills, ability to analyze, synthesize and make judgments ;
- Interpersonal work skills ;
- Programming skills ;
- Demonstrates thoroughness and attention to detail ;
- Affiliate member of the Statistical Society of Canada (SSC) ;
- Researcher at GREPROVAD (<https://www.greprovad.org/>) ;
- In process of SOA (Society of Actuaries) exams.

EDUCATION

- 2019 -2021 : Master's degree in Statistics, Laval University (Canada) ;
- 2010 - 2016 : Bachelor in Mathematical Sciences (Magna Cum Laude), University of Kinshasa (D.R.Congo) ;

EXPERIENCES

- **Consultation (January - March 2024) :**
 - Statistical consultant for the Congo-Challenge project ("*Enquête sur le temps moyen de déplacement Maison-Travail dans la ville de Kinshasa*", pg 54-61, [url : https://congochallenge.cd/wp-content/uploads/2024/03/Fevrier-Mensuel-2024.pdf](https://congochallenge.cd/wp-content/uploads/2024/03/Fevrier-Mensuel-2024.pdf)).
 - Statistical consultant for the article project (*Importance of endometrial biopsy in infertility management in low-income settings*) with Dr. Junior Mboloko (Faculty of Medicine, University of Kinshasa, D.R. Congo).
- **November 2021 to present :** Data manager (Research assistant) at the Montreal Behavioural Medicine Centre (MBMC) :
 - Ensure quality and consistency of all statistical variables for the International COVID-19 Awareness and Responses Evaluation (ICARE) study ;
 - Ensure quality and consistency of all statistical variables for the REBORN (Research on bariatric care for obesity treatment) study ;
 - Ensure the quality and consistency of all statistical variables for the EMBRACE (Evaluation the impact of radical nutrition and microbiome changes on brain function and structure) study ;
 - Maintain or create data dictionaries ;
 - Perform statistical analyses with the collected data ;
 - Assists in the preparation of reports, manuscripts and presentations of analytical results.

- **September 2019 to April 2021** : Teaching assistant in the Department of Mathematics and Statistics at Laval University ;
- **November to December 2015** : Intern at the Central Bank of Congo.

SKILLS

- Gpower, LaTeX, Logiciel R
- Microsoft office, Python, SAS, SQL

RESEARCH INTERESTS

- Actuarial science
- Data science
- Probability and Statistics

LANGUAGES

- English
- French

DISTINCTIONS

- Excellence scholarship - Master's in Statistics : Fall 2019 - Winter 2021
- Sobey's scholarship (Winter 2021)

PUBLICATION AND CONFERENCE

- Vincent Gosselin Boucher, Mathieu Beranek, Mariantonia Lemos, Gerry Molloy, Valeria Raparelli, **Maximilien V. Dialufuma**, Simon Bacon, Kim Lavoie, Eli Puterman, for the iCARE study team (May 16-18, 2024) **Attitudes Towards Mask Wearing and Social Gathering Between April 2021 and September 2022 in five countries in the iCARE Study** , 10th Conference of the International Behavioural Trials Network, Montréal, Canada.
- Patricia F.C. Acosta, Tamara R. Cohen , Simon L. Bacon, Kim L. Lavoie, **Maximilien V. Dialufuma**, Tair Ben-Porat, on behalf of the REBORN Study (April 26-27, 2024)Team, **Maladaptive eating behaviours in the long-term post-metabolic bariatric surgery : Implications for weight loss outcomes**, the annual Conference of the Canadian Association of Bariatric Physicians and Surgeons, Montréal, Canada.
- Côté, Marilou, Olivero, Stephanie, Bacon, Simon L., Lavoie, Kim L., **Maximilien V. Dialufuma**, Tair Ben-Porat, on behalf of the REBORN Study (April 26-27, 2024)Team, **Emotional eating trajectories following metabolic and bariatric surgery (MBS) : Associations with 5-year weight loss outcomes**, the annual Conference of the Canadian Association of Bariatric Physicians and Surgeons, Montréal, Canada.
- Tshimula J.M., Nkashama D., Kalonji K., **Dialufuma M.V.**, Mukendi D.M., Kanda H., Tshibangu J.M, Mayemba C.N, (May 12-14, 2023) **Redesigning Electronic Health Record Systems to Support Developing Countries.**, 7th International Conference on Medical and Health Informatics, Kyoto, Japan. <https://arxiv.org/pdf/2302.01281.pdf>
- Deslauriers, F., Léger C., Bacon, S. L., Atoui, M., **Dialufuma, M.**, Atto, J. E., Duval, S., Lavoie, K. L. on behalf of the iCARE Study team. iCARE Report :

Emotional, health, occupational and social impacts of the length of recommended COVID-19 isolation periods in individuals with COVID-19 symptoms or a positive test. Presented for the Public Health Agency of Canada (PHAC) to iCARE collaborators via Zoom on November 17, 2022.
